DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/09/10 has been entered.

Claim Objections

2. Claims 20, 21 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim can not depend on another multiple dependent claim. Claim 31 is also objected since the limitation "according to any of the claims 23 to 25 and 27 to 29" is not in a proper multiple dependent claim format. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the **fourth paragraph of 35 U.S.C. 112**:

a claim in dependent form shall contain a reference to a claim previously set forth and then specify a further limitation of the subject matter claimed. A claim in dependent form shall be construed to incorporate by reference all the limitations of the claim to which it refers.

4. Claim 46 is rejected under 35 USC 112 4th paragraph, as being an improper dependent claim for failing to include all the limitations of the claim upon which it depends and for failing to further limit the subject matter of the claim upon which it

Art Unit: 3746

depends. Specifically, claim 46 is directed to a turbocharger since it recites “Turbocharger comprising a compressor housing, a center housing and an electric motor according to claim 1” while claim 1 from which claim 46 is directed to an electric motor. Therefore claim 46 fails to further limit the subject matter of claim 1. Applicant should either cancel claim 46 or consider amending claim 46 so that it is in proper dependent form, or rewrite the claim in independent form. As the Federal Circuit treats non-compliance with 35 USC 112 4th paragraph as a patentability issue, it is considered more appropriate to treat a claim that does not comply with 35 USC 112 4th paragraph by rejecting the claim under 35 USC 112 4th rather than by objecting to such claim under 37 CFR 1.75(c) as provided for in MPEP 608.01(n)(II). See *Pfizer Inc. v. Ranbaxy Labs., Ltd.*, 457 F.3d 1284, 1291-92 (Fed. Cir. 2006)

Allowable Subject Matter

5. Claims 1-3,5-13,15-19,23-25,27-30,32-42,45 are allowed.
6. Claims 20,21,31 and 46 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112 4th paragraph (while overcoming any objection) as set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

7. Applicant's arguments with respect to claims 1-46 which was filed on October 15,2010 have been considered but are moot in view of the allowability of the claims necessitated by amendment.
